

Pocket Phonics: a super resource for teaching letters and sounds including reading, writing and spelling.

Twinkl Phonics: great for letters and sounds, alphabet work, high frequency words and letter formation.

Doodle Buddy: a paint app which helps develop hand eye coordination.

Bee Bot: an app which helps improve directional language (forwards, backwards, left right etc.)

Quick Math Jr: a maths app which helps with number work and shapes.

Toca Doctor: an app which helps the children learn about their body and helps with problems solving skills.

Collins Big Cat also has a range of stories which you can download onto your tablets.
